Waterbury

#6108
Men's Shetland
in Teal

cozy casual

**WE ERR ON THE SIDE OF COMFORT.
AND NEVER GET CHECKMATED.**

We typically don't chase ranks, but our Lightweight with Cushion lifestyle socks are this era's grandmaster of comfort.

For when life hits and you need support, these socks hold their fit and fight to help you defend every position. It's a strategy that plays to our strengths – comfort, durability, and fit – because those feels are worth catching.

And while cushion isn't new to us, it's a lifestyle trend that's worth expanding.

Just like your game.

#8044 Men's
Function X in Black

NOTHING NEW, EXCEPT EVERYTHING.

We finally updated the Function 5. Why did we update a style that does nothing but hit its numbers? When we re-launched our Snow line a few winters back, we didn't update the Function 5 (even though it was our ugliest sock) because it needed more testing. But after three winters of sampling, we finally nailed the tech. And dang. The new tech foot with terry loop cushioning over the top keeps feet warm and comfortable. Cushion in the heel is reinforced for durability and the re-engineered leg protects the shin and back of the calf with more Merino terry loops. We have yet to produce our best sock – but this sock is close. And for the skiers and riders out there, it really hits.
